

PRODUCT SHEET

MonitorScreen ClosedFrame

32inch MonitorScreen ClosedFrame

ArtNr: AC-320PH-HD

MAIN FEATURES:

- AutoStart by plug in power-adapter
- 32inch Full HD - LCD panel 1920 x 1080 pixels
- HDMI IN - Monitor Function
- Internal Speakers
- 3.5mm Jack output (optional)
- Thin housing
- Power adapter with 2.5meter cable
- Usage up to 14 hours per day
- Additional features for interactivity

MAIN PURPOSE:

- Digital Signage Display
- Advertisement Display
- Built-in ShopDisplays

USAGE:

This professional Monitor has HDMI IN to connect it to an external player (Windows PC, Raspberry Pi, Android Player). You can use it as a signage screen. Show your dynamic content from your external player. If you have an "online" system on your player, you can push your content remotely to your player and send it to the screen. We can also provide with such online software system. These monitors are Auto-Power ON. The HD player can start from SD or usb. The timer function can be used for automatic On-Off.

OPTIONAL: Multi Functions

The mainboard can be turned into a multi-functionboard, several in-outputs can be added, and software can be made Tailormade. Example features:

- Internal Memory/ Auto Copy function
- Trigger buttons for selection video / volume combined with LED lighting
- Output for LED lightning 5/12V
- Motion Sensor / light Sensor
- Multiple Audio Outputs for speakers & headphones
- Input Audio for Mobile phone/ iPod (auto-sensing)
- Touchscreen
